JUNE TRIAL TERM.

Supreme Court Keeps Busy in Spite of Hot Weather.

NO DAMAGES IN THE ASSAULT CASE.

Another Suit Against the Erie—George C. Hudson Seeks Damages for Injuries Sustained While Crossing the Tracks in Monroe Village.

The case of Carter vs. Schmitt was resumed at 1.30 Wednesday afternoon.

Besides Mr. Schmitt, John McNealy, Charles Parkison, a hatter of Newburgh, William B. Monell, Napier Markle and Joseph Gavin were witnesses for the defense.

The jury returned a verdict in favor of the defendant.

In the case of the People vs. George B. Horton, in which the jury had failed to agree and had been discharged, the court ruled that it had a right to hold an inquest, in penalty cases, and on the evidence already taken found Mr. Horton guilty of having adulterated his milk with water and fined him $100.

No. 22, George C. Hudson vs. Erie Railroad Company, was then taken up and a jury impaneled. As usual in negligence cases the jurors were subjected to a vigorous examination, all of whom of them were excused before twelve who were satisfactory to both sides were accepted.

John M. Gardner, of Newburgh, opened the case for the plaintiff. This is its second trial, the first one having taken place at Goshen in June, 1898.

George C. Hudson, the plaintiff, was the first witness. At the time of the accident in which he was injured, July 26, 1897, he was employed as clerk in Terwilliger's general store at Monroe. The store is directly across from the station, and about 5:30 o'clock in the afternoon he started from the post office to cross the tracks to the store. As he approached the railroad crossing he saw a freight train coming from the east, about 300 feet away. After he had taken a step or two on the track he heard some one shout and saw express train No 2 coming from the west and about 200 feet away. He threw up his hands and backed away, but did not get far enough. He was struck by the engine and his instep was crushed, his leg broken and his arm injured. It became necessary afterwards to amputate the foot at the ankle.

THURSDAY MORNING.

Court opened promptly at 9 o'clock, and the trial of Hudson vs the Erie was resumed.

Plaintiff continued his testimony. He said that not until Oct 1 could he go about on crutches. In February he procured an artificial foot. The stump of the leg is tender and he cannot wear the foot continuously. The cost of medical attendance, nursing and the artificial leg was $410. At the time of the accident he was earning $20 a month and board.

On cross examination witness admitted that he was familiar with conditions at the crossing and had been for several years.

Arthur Brice, who saw the accident, described it and said he heard no whistle blown or bell rung by the express train. Horace Hall, Mr. Rue, A. R. Galloway, Harry Mapes, Oliver Lamoreux and William Farrell, who from different points saw the express train as it approached the station, testified that they heard neither whistle nor bell.

Dr. E. D. Woodhull, who attended Hudson and amputated his foot, testified that the limb is shrunken, not yet healed and likely to remain tender.

The court stated that No. 19, Penne vs Newburgh Electric Railroad, No. 30, Martin Royce vs City of Middletown, and No. 37, Mahala Morgan vs Erie Railroad would be the only cases tried, this week, unless No. 24, John W. Kerr against the Erie, was reached, to day, when it would be taken up.

The Grand Jury came into court at 11.55 and handed up a batch of indictments and was discharged.

Recess until 1.30.

REV. AND MRS. C. J. PAGE HERE

Arrived This Morning and Are Guests of Mr. and Mrs. Jesse W. Canfield.

Rev. and Mrs. C. J. Page, of Detroit, Mich., reached this city on Erie train 10 at 6.10 o'clock, this morning, and are now guests of Mr. and Mrs. J. W. Canfield at their pleasant home on Mulberry street, where they will be very glad to have their friends call on them.

Both Mr. and Mrs. Page stood the journey well, suffering little discomfort from the heat and being but little fatigued. They will remain in Middletown for some time.

Mr. Page during his pastorate here made hosts of friends in and out of his congregation, all of whom will be rejoiced to see him and his good wife and they, in turn, count it a great privilege and blessing to again be able to meet the friends they made in Middletown.

A New Enemy of the Potato Crop.

From the Walton Times.

A new pest has appeared that is destroying the seed potatoes in the ground before they become sprouted. It is a small black worm with an enormous appetite that burrows in the potato hill and completely devours the seed. In one instance a farmer in this town has lost the seed of a half acre not one hill in fifty coming up. He will replant and put a quantity of salt in each hill to kill the worms.

Collected Medicine Man Spaun's Check

Manager Spaun, of the tent show on North street, has discovered that a check for about $15 made out to him by druggist Holloran, of Cornwall, on the Cornwall bank, has been indorsed by a forger and the money collected at the First National Bank of Port Jervis. He will investigate.

Coroner's Verdict in the McMahon Case

Coroner Decker went to Chester, Wednesday night, and completed the inquest into the death of Patrick McMahon, who was killed by Erie No. 7. No testimony of particular interest was introduced at this session.

The jury found that No. 7 killed McMahon.

No morphine or opium in Dr. Miles' Pain Pills. Cure All Pain. "One cent a dose."

OBITUARY.

Mrs. Cynthia Beakes McQuoid.

Mrs. Cynthia Beakes McQuoid, widow of Charles C. McQuoid, who died thirty-three years ago, died, at 4 o'clock Wednesday afternoon, at her home on East Main street, aged sixty-nine years. She had been in poor health for two years, and during her last illness was a great sufferer, but the sunny disposition, which for so many years made life better and brighter for all with whom she came in contact, remained with her to the end, and, sustained by a deep and an abiding christian faith, she bore her sufferings with cheerfulness and uncomplaining patience. The immediate cause of death was Bright's disease, which is supposed to have had its origin in a severe rheumatic attack which she suffered two years ago.

Mrs. McQuoid was a daughter of H. S. and Laura (Genung) Beakes. She was born in this city, and was a member of a family that was for many years actively identified with Middletown's growth and progress. Her grandfather, Stacey Beakes, was a merchant here on what is now known as Pronk's corner, when Middletown was a hamlet of only six houses. He was Middletown's first postmaster, having been appointed Oct. 22, 1816, and the receipts of the office for the first quarter were only sixty-nine cents. He was one of the incorporators of the village of Middletown, and for one term represented this district in Congress.

Mrs. McQuoid's father, Henry S. Beakes, was also prominent in local affairs. In 1826 he succeeded his father as postmaster at Middletown, the business of the office having then so increased that the receipts for his first quarter were $16 12. He was in the mercantile business for a while, was supervisor of Wallkill for several terms and was Treasurer of Orange county for two terms. Sixty-four years ago he built the house on East Main street in which Mrs. McQuoid lived and died. Four children were born to Mr. and Mrs. Beakes, of whom only one survives, Mrs. Mary Wright, of Goshen. Mrs. Jane Winfield, widow of Dr. D. C. Winfield, died three years ago and William twelve years ago.

Two children were born to Mr. and Mrs. McQuoid, one of whom, William H., survives. His sister, Hattie, wife of Robert M. Babcock, died twenty years ago, a few months after her marriage.

Mrs. McQuoid held a very warm place in the affections of the older residents of this city. She was always bright and cheerful and was the life of the social circle in which she moved. She was a kind and helpful friend and a devoted mother. She was for many years a faithful member of the Second Presbyterian Church.

The notice of funeral appears elsewhere.

CHANGES ON THE ERIE.

Official Announcement of Changes and Promotions.

Official announcement is made of the changes on the Erie recently mentioned in the Argus. E. E. Loomis, General Superintendent of the Susquehanna and formerly Superintendent of the Tioga Division, goes to the Lackawanna; H. E. Gilpin, Superintendent of the Alleghany Division, succeeds Mr. Loomis on the Susquehanna and George W. Dowe, of the Jefferson Division, becomes Superintendent of the Alleghany Division, which extends from Hornellsville to Salamanca.

M. J. Mahoney has resigned as chief dispatcher of the Erie's New York division and has been succeeded by Theo. Mackrell. It is rumored that Mr. Mahoney will become train master in the place of Mr. Hibbetts, who becomes superintendent of the Jefferson division.

RETURNED TO HER HOME.

An Insane Woman from Port Jervis Cared for in This City.

Miss Grace Dimmick, daughter of S. O. Dimmick, of Port Jervis, a demented young woman who received treatment at the State Hospital here some time ago, left her home on the Mountain Express, this morning. Conductor King recognized her and brought her to this city, and turned her over to the authorities. She was sent home on the first train.

Aaron Samuels, who knew her, calmed her excitement while she was waiting in the Erie station.

Interesting Decision in a Fire Insurance Case.

The Appellate Division of the Supreme Court has affirmed the judgment rendered in the case of John Haunon, of Rock Hill, Sullivan county, against the Hartford Fire Insurance Company. A novel point was involved in this case. The kitchen attached to Mr. Haunon's residence had been moved a few feet from the main building, and when it was burned, the insurance company refused payment of the loss. The affirmance of the judgment seems to be a judicial declaration that an insurance policy on a building holds good wherever that building may be.

After Many Years.

Twenty-six years ago, Edwin Shea, a small boy of Fish's Eddy, while whirling a button attached to a string, was struck in the eye by the button, and the sight badly damaged. A month ago the eye began to pain him and he had an operation performed. Physicians removed three pieces of the button which had entered his eye twenty-six years ago, and also removed the injured eye in order to retain the sight of the good one. He is now improving.

Pay of Traction Company Employes Raised.

Receiver Royce of the Middletown-Goshen Traction Company has raised the pay of all motormen and conductors receiving fourteen cents an hour to fifteen cents an hour and all employes who have been with the company a year will receive fifteen cents.

Fish Dying in Highland Lake.

The fish continue to die at the new reservoir. Four men were at work, to-day, picking out the dead ones. They are nearly all catfish.

Children's Day at Christ Church.

At Christ Church, Sunday, Children's Day will be celebrated by a sermon to the children in the morning and a concert will be given in the evening.

READY FOR THE BASS

Fishermen Impatient for the Opening of the Season.

THEIR PLANS FOR NEXT THURSDAY.

Highland Lake Will Be the Most Popular Resort—That Lake's Dying Catfish—U. S. Fish Commissioners Asked to Tell What Ails Them.

The opening of the bass season at the reservoirs is awaited with impatience by many fishermen in this city. The bass have been taking live bait, worms, helgramites and almost any other bait which fishermen have been using to lure the logy catfish or the snappy wall-eyed pike for the past two months, and the honest fisherman has handled them gently, looked them over, cursed the law which has delayed taking them two weeks longer than formerly and then tossed them back into the lake. Next Thursday, the law says, they may be taken and daylight will find the best fishing spots well lined by local experts.

Highland Lake is believed to be the best fishing ground and most of the sportsmen will go there. Nearly all of the boats are located there, though some of the more enthusiastic fishermen have placed boats on both lakes.

Many will avoid the new lake because the fish are dying there. The upper lake is lined with dead catfish despite the efforts of the authorities to get them out. Just what kills the fish is a mystery which it is hoped may be solved by the scientists of the United States Fish Commission at Washington who have been asked to investigate and report. The fish look as if they were horned by each other, but it may be that disease is killing them and many decline to eat the catches from Highland Lake on that ground.

The hardy bass does not seem to be affected. They are as lively as ever and those which have been landed only to be tossed back show no signs of injury or disease.

The accommodations at or near the upper lake have all been snapped up by sportsmen who will spend the night there and go out at 4 o'clock on Thursday, or earlier. They will fish until 9 o'clock and return to this city but some will be again found on the lake shore or in boats at sunset—that time and sunrise being the favorite feeding hours for the bass.

This season's catches of bass ought to beat all previous records, and three pound bass should be taken plentifully. The lakes are stocked as thickly as a private lake owner might desire. The fishing is popular, the outing is beneficial, the scene is charming and it is all at the door step of the city almost, and the sport is to be commended.

TAKEN INTO CUSTODY.

Supposed Horse Thief and His Rig Detained at Port Jervis.

Chief of Police Westbrook, of Port Jervis, was told by a milkman, Wednesday morning, that he had seen on the Greenville turnpike a rig that answered the description of the one stolen from Theo. Sayer's stable in Morristown on the night of June 4.

The chief imparted his information to Gregg Porter, of Port Jervis, who is something of a horse thief catcher, and he and Lewis Johnson drove out on the turnpike, and meeting the man took him into custody and took him and the rig to Port Jervis.

Mr. Sayer has been notified, and the man with the rig, who gave his name as David S. Telfair, will be detained until his arrival.

FISHING IN THE BEAVERKILL.

Members of the "Only Trout Club" Having Good Sport—Four Large Brown Trout.

Jacob Gunther returned, Wednesday night, from Lew Beach, where the party of fishermen from this city and vicinity are stopping. He states that they are having splendid luck, and heaping plates of trout greet them at every meal. Andrew Bertholf proved to be the best fisherman up to the time of Mr. Gunther's return.

On Wednesday, at Rockland, a man named Wilson caught four brown trout which weighed more than fourteen pounds, the largest weighing five pounds.

A WONDERFUL RECOVERY.

John Sherin Almost Able to Resume Work—His Praise of Thrall Hospital.

John Sherin, who was so badly injured by being caught between cars in the Ontario and Western yard, five weeks ago, that his life was despaired of, is about town apparently as well as ever and will soon be able to resume work. He was at Thrall Hospital for fifteen days after the accident occurred and speaks in the highest terms of the good treatment, faithful nursing and kind attention he received while there and is confident that they contributed very much to the wonderful recovery he has made.

Sturgeon in the Delaware at Port Jervis.

Two large sturgeon are imprisoned in the eddy in the Delaware, opposite the Germantown suburb of Port Jervis. A party of railroad men made a vain attempt to harpoon them, Wednesday. It is very seldom that these fish get so far up the river.

FIRST OF THE SEASON.

A Ripe Tomato from John F. Bradner's Gardens.

A ripe tomato from the botanical gardens of John F. Bradner, on Academy avenue, was laid on our table, this morning. The specimen is not only large, but is of excellent quality. Mr. Bradner expects to have another about the first week in September if the back bone of the present severe drought should be broken soon.

Mr. Bradner's vaulting ambition would not allow him to be content with a leading position at the bar, but urged him on to other fields; so he turned his attention to what may be called mixed gardening,—that is he believes in strengthening his radish crop by planting mustard in close proximity and braces up his tomatoes with hollyhocks. Indeed his gardens are so plentifully supplied with docks that one involuntarily looks for the shipping of the harbor.

AT MIDWAY PARK.

The Season of Free Theatrical Performance Opened—A Good Show Given.

The theatrical performances which will be given at Midway Park, this season, were commenced Wednesday night. There were probably a thousand people in the park during the evening.

Manager Bellinger, who is running a good class of vaudeville specialties at his Cottage Theatre, has made arrangements to give the performances at Midway Park, just as last year. The opening programme included people right from Keith's and they were heartily applauded.

The entertainment will be given every night except Sunday, at 8 o'clock.

WOOD WORKING PLANT BURNED

The Large Factory of the Domestic Manufacturing Co. at Cooley Entirely Destroyed.

The large turning and wood working plant of the Domestic Manufacturing Co. at Cooley, four miles from Parksville, Sullivan county, was entirely destroyed by fire, Wednesday morning. The loss is $15,000 and there is no insurance.

The Domestic Manufacturing Company is composed of H. J. Cox and sons, and the senior member of the firm is a brother of John I. Cox, of 21 Liberty street, this city.

Electric Light Company's New Power House.

As will be seen by reference to the advertising columns, the Middletown Gas and Electric Light Company is about to construct a new power house on the site of the present electric plant. The plans, which may be seen at the company's office, provide for a handsome one-story building. The Berlin Bridge Company will furnish the iron work.

On a Bicycle Ride to Kingston.

Mrs. A. Y. Harris and Miss May Dicks, of this city, and Mr. and Mrs. John Bookstaver, of Searsville, started, today, for Kingston on their wheels. Their plan is to ride to Walden and then take a train to New Paltz, where they will again mount their wheels and finish their run to Kingston. They will return, to-morrow, by boat and train.

Horses for Newburgh's Fire Companies

Newburgh's aldermen, Tuesday evening, voted to spend $250 in the purchase of a team of horses for Washington Heights Engine Company; also to buy for $125 each the horses owned by Highland Steamer and Lawson hose companies, and leave them to do duty for the companies.

FOLEY'S CRUEL FATE.

Shot by His Daughter While His Wife Held Him.

WOUNDS LIKELY TO PROVE FATAL.

A Family Row and Its Tragic Ending—Neighbors Supposed That Foley Was Killing His Family—What the Police Found.

BY ASSOCIATED PRESS.

NEW YORK, June 8.—Hannah Foley is charged with fatally shooting her father while her mother held him. The affair occurred at their home at Sheepshead Bay at midnight.

Neighbors told Policeman Hoofman that there had been a hard fight in the Foley home, and that they believed that Foley had murdered his family. Police Captain Gallagher and half a dozen officers went to the Foley house and were met by Mrs. Foley and her daughter. They denied that there had been any trouble and tried to show that they didn't know where Foley was.

The police entered, however, and found things in great confusion. Foley was found in the kitchen under the stationary tubs with a bullet wound in his head and one in his neck. After saying that his wife held him while his daughter shot him because he had been angry and beaten the children, Foley became unconscious and was taken to the hospital. The women were locked up.

KIDNAPPERS IN NEW YORK.

The Barrows and Bella Anderson All at Police Headquarters.

BY ASSOCIATED PRESS.

NEW YORK, June 8.—George and Addie Barrow, the kidnappers of Marion Clark, were brought here to-day and taken to police headquarters. Bella Anderson or Carrie Jones was taken to headquarters soon after the arrival of Barrows.

The prisoners were arraigned before Justice Furaman, who ordered a plea of not guilty to be entered in each case with leave to withdraw, to-morrow, and demur when counsel for the Barrows will be present. The justice fixed bail in each case at $10,000.

Why He Drove the Boy from His Ice Wagon.

C. F. Tiedemann, the ice man, who was mentioned in last night's *Press* as having struck a colored boy with a whip because the youngster was stealing chipped ice from his wagon, says that he drove the boy from the wagon because there was danger of a cake of ice sliding out and killing him, and a cake did fall out a few minutes afterwards. The wagon was full, had just come from the ice house and there was no chipped ice in it.

THURSDAY, JUNE 8 1899

While all the East is sweltering in the intensest heat, frosts have been killing vegetables and fruit in the Salt Lake Valley This is a great country

Hon Benjamin B Odell will leave the Republican organization in this State to shift for itself during the hot weather, on June 21, in company with his sister and his two sons he will sail for Europe and spend the summer in travel

New Jersey has a kidnapping case Mrs Henry Hunter of near Hackensack has asked the authorities to help recover her eighteen year old husband to whom she was married a month ago and who, she is convinced, has been captured by her mother in law The old lady was very angry when she learned of the boy's marriage and is said to have threatened to separate the couple

Popular interest in prize fighting is shown by the fact that up to Wednesday evening $43 600 worth of tickets had been sold for the Fitzsimmons Jeffries fight at Coney Island and many western cities in which tickets were on sale had not yet reported No occupation open to man offers as large pecuniary rewards as are in sight for those whose brawn and science put them in the front rank of prize fighters

The steamer Laurada which reached Seattle, Wednesday from Port Wrangle brings most grewsome details of the loss of life among those who sought to reach the Klondike mines Last winter by way of the Edmondston trail in British Columbia Fifty men were drowned in Great Slave Lake twenty five died of scurvy ten were frozen to death in fury died of starvation and exhaustion and several committed suicide preferring death to the horrible sufferings they were enduring At last advices hundreds of men were still on the trail and it was thought that many of these must eventually perish

One explanation for the present hot wave which is most unusual so early in the season is the absence of icebergs from the North Atlantic coast Incoming steamers report that they have encountered very few icebergs many of which at this season are usually found drifting in the current which sets down the coast from the Arctic ocean The reason for this is not definitely known but if, as is suggested, the season has been very late in the Arctic regions and the spring break up and movement of ice has been delayed, the drift of icebergs may come later and with them will come the lower temperature which always results from their presence on the North Atlantic coast

The American Medical Association in session at Columbus, O, heard with much interest Wednesday, a report on the wonderful results that have followed the use of the cure for consumption discovered by Francisque Grotte an eminent French chemist His treatment aims at killing the bacteria of tuberculosis by the inhalation of formaldehyde vapor, which is carried directly through the tissues by the aid of light tension sterilized electricity It is claimed that this treatment has cured 1 000 apparently hopeless cases of consumption and Dr Grotte proposes to make a public test of his method in this country by giving free treatment to 500 consumptives Eminent physicians in attendance on the Medical Association expressed the opinion, Wednesday that Dr Grotte's method overcame difficulties that have interfered with the successful use of other cures by inhalation and they were encouraged to believe that an absolute cure for tuberculosis had at last been found

AUGUSTIN DALY DEAD

Famous Theatrical Manager Passes Away In Paris.

HIS SHAKESPEAREAN PRODUCTIONS.

Began His Career as Dramatic Critic For the New York Press—Wrote Many Successful Plays—Established His Playhouse In 1879.

PARIS, June 8—Augustin Daly died suddenly yesterday afternoon Mr Daly's death was due to heart failure. He arrived here last Saturday and was stopping at the Hotel Continental

The late Augustin Daly was born in Plymouth, N C, July 20, 1838. His education was received partly in Norfolk and in the public schools of New York city He began his literary career as dramatic editor of The Sunday Courier in New York city in 1859, and he continued to discharge similar functions on that paper, on the New York Times, The Sun, The Mail and Express and The Citizen until 1869, when he opened the Fifth Avenue theater on Twenty fourth street This building was destroyed by fire in 1873, and three weeks later he opened another theater, formerly the Globe, in Broadway, under the former name Early in August, 1879, he established Daly's theater, in Broadway, near Thirtieth street, and several years ago he opened in London a thoroughly equipped house under the same name For several seasons he managed the Grand Opera House in New York

His career as a dramatic author began in 1862 with an adaptation from the German of Mosenthal's "Deborah," and since then he had produced many original plays, among them "Divorce," "Pique," "Horizon," "Under the Gaslight" and numerous adaptations from French and German dramatists He achieved also a notable distinction in the presentation of Shakespearean drama, although his productions in this field were the occasion of much conflicting criticism

In recent years the combination of players with which his name has been identified Daly's company of comedians, has achieved an international reputation under the leadership of Miss Ada Rehan, whose remarkable talents have constituted a leading factor in the success of his undertakings Mr Daly devoted all his time to his theatrical enterprises He was an enthusiast and a hard worker, always noted for the elevation of his dramatic purposes and the completeness of his scenic presentations He was a well informed student of the dramatic literature of many nations

A Successor to Thomson.

PHILADELPHIA, June 8—It is learned from what is believed to be a trustworthy source that when the directors of the Pennsylvania railroad fill the position made vacant by the death of President Frank Thomson they will make no departure from the time honored custom of advancing the next in rank of the executive officers of the company The logical sequence of this following established precedents will be the election of First Vice President John P Green to the presidency, and from the same source of information it is learned that Mr. Green will accept the place

French Embassador's Dinner.

WASHINGTON, June 8—The French embassador gave a dinner last night at which Secretary of State Hay and the new Spanish minister were again brought together under pleasant auspices The list of guests included a number of representatives of the various embassies and legations While Duke d'Arcos was present he was not the guest of the evening Mrs Hay occupying a seat at the French embassador's right

Produced Liquid Hydrogen.

LONDON June 8—At the meeting of the Royal institution of Great Britain last evening in the presence of a brilliant gathering of scientists including the new honorary members Professor Dewar commenced the first public experiments on a large scale in the production of liquid hydrogen Lord Kelvin, Professor Stokes and others paid tribute to the brilliancy of Professor Dewar's discovery

Accomplice In Murder Case Arrested.

NORWICH, N Y, June 8—Susie Graham indicted as an accomplice to the murder of John M Pepper near Susquehanna Pa in October 1897, was arrested here and taken to Susquehanna The woman induced Burt Ogden and James Agan to rob Pepper In the robbery Pepper was hit with an instrument and died from the effects The men were sentenced to be hung in July

Hot In Washington.

WASHINGTON, June 8—The maximum temperature yesterday was 97 degrees a degree hotter than Tuesday The thunderstorm which had been promised by the weather bureau as an interlude in the long hot spell apparently was no nearer last night than it was 24 hours before The city suffered intensely with the heat, but the absence of casualties is considered remarkable

Large Phosphate Rock Purchase.

CHARLESTON, June 8—The Bradleys of Boston are said to have purchased a large tract of phosphate lands on the Ashepoo and Edisto rivers, about 50 miles from this city The purchase includes 6 000 acres of land bearing high grade rock and is a majority of the unmined lands left in the state

Took Paris Green at 81.

SOUTHINGTON, Conn, June 8—John Craig, aged 81, died suddenly at his home yesterday under suspicious circumstances, and an investigation by the medical examiner showed the man had committed suicide by taking paris green Craig was despondent on account of his wife's death several months ago

Applies to Common Laborers Only.

MILWAUKEE June 8—The United States court of appeals, holding court in this city, has handed down an important decision affecting the alien labor law The decision interprets the alien law as to apply solely to common laborers, excepting clerks and all kinds of skilled artisans

Dislocated His Shoulder by Sneezing.

YONKERS, N. Y, June 8—John Spline, an employee of the Standard Oil company, of this city was taken with a fit of sneezing He sneezed so violently that he dislocated his right shoulder It took the combined efforts of two physicians to put the shoulder back in place.

Minister Barrett Dined.

CHICAGO, June 8—The Hon John Barrett, minister to Siam during the Cleveland administration and who has traveled extensively in the east, was given a complimentary dinner at the Union League club last night and by request spoke about the Philippines and their importance commercially and strategically to the United States

Another Smallpox Case.

ALBANY, June 8—Another case of smallpox has been discovered at Ravena, Albany county, making in all six negroes who have been stricken down with the disease The brickyards where the affected negroes are employed have been thoroughly quarantined.

Russia Breaks With Bremen.

BERLIN, June 8.—The Russian government has broken off diplomatic relations with the free city of Bremen owing to the refusal of the Bremen authorities to grant satisfaction for the alleged wrongful arrest of a Russian priest.

Gibbons Conferred the Degrees.

WASHINGTON, June 8.—Cardinal Gibbons conferred the degrees upon the candidates at the graduating exercises at the Catholic University of America yesterday A large and distinguished audience was present.

Poor oysters are less in price than good ones but they do not satisfy. Imitation paint can be bought at any price but it is not satisfactory. The prudent buyers in the East use CHILTON PAINT because they know what the result will be. They know that in CHILTON PAINT they will get a gallon if they pay for a gallon, that they will get a pure Linseed Oil Paint without the disagreeable odor and bad effect of Benzine, and that they will receive an article which, when applied to a dry surface, will last for years Economy in painting is to get the best paint and then have it applied by the best painter.

If your dealer will not furnish it write direct to the CHILTON MANUFACTURING CO., 89 Cortland street, New York city, for color cards and prices

TWO HUNDRED DEAD.

Gold Hunters Perished on the Edmonton Trail.

SEATTLE Wash, June 8—The steamship Laurada is in port from Wrangel, Alaska, with news of the death and suffering of American miners who tried to reach the Klondike goldfields over the all Canadian route from Edmonton Several parties reached Wrangel last week from the interior after spending from 12 to 20 months on the trail in a vain endeavor to reach the goldfields

They say that no less than 200 prospective miners have lost their lives by drowning, starvation, exposure and freezing during the past winter Most of these were Americans from the eastern states. Scurvy is now ravaging the miners who are stalled on the trail, and before relief can reach them many others will have died

The Hudson Bay company and the Northwest mounted police have started small relief expeditions from Telegraph creek Government action on a large scale will alone rescue hundreds who are unable to get out of the country by their own resources

OLD DUTCH RECORDS.

Search In Amsterdam and The Hague Reveals Much of Interest.

ALBANY, June 8—The work of transcribing the old Dutch records relating to the colonial history of New York state and their preparation for publication will begin July 1 under the direction of State Historian Hastings, though the actual work will be done by Dr E T Corwin of New Brunswick, N J

These records which are to be transcribed are copies of documents in the possession of ecclesiastical archives of Amsterdam and The Hague and were secured by representatives of the Dutch Reformed church, who sent Dr Corwin to Holland to resurrect the records The latter spent 15 months abroad and brought back 15 volumes of manuscript which will be converted into about two volumes of English

Much valuable data relating to the early history of New York was found, and the last legislature made an appropriation of $5 000 in order that the result of Dr Corwin's researches might be secured for the state historian's department The work of preparing the records for publication will take about two years

New Copper Mining Company.

ST. LOUIS, June 8—Arizona and St. Louis capitalists have incorporated under the laws of Arizona the Arizona United Copper Mining company, with a capital stock of $10 000 000 Mark R Chartrand, one of the incorporators says that the company owns a claim of 35 acres in Pima county, A. T on the Southern Pacific railroad on which, he says, is a hill 225 feet high which shows 3 500 000 cubic yards of copper, gold and silver ores or about 8,000,000 tons It is the intention Mr Chartrand says to erect one of the largest mining plants in the country on this property

Hull Favors Fifty Thousand.

ST PAUL, June 8—Congressmen Hull of Iowa, Payne of New York, Dalzell of Pennsylvania, Steele of Indiana and Heatwole of Minnesota have arrived here en route to Alaska Mr Hull said regarding the situation in the Philippines "General Otis thinks 30,000 troops sufficient to quell the trouble and restore peace, but in my judgment at least 30,000 soldiers would be far better The government should meet the enemy with an overwhelming force, as nothing is to be gained by delay"

Severe Freeze In Utah.

SALT LAKE CITY, June 8—The temperature in Salt Lake valley dropped down below the freezing point, and yesterday the ground was covered with a white frost Reports from market gardeners throughout the valley and in Davis county show that nearly all the growing vegetable crops were killed What little fruit there was left from the previous frost was also killed

Baby Clark Has the Measles.

NEW YORK, June 8—Marion Clark, the baby that was kidnaped, has the measles They developed on Tuesday The child is believed to have been exposed to the disease during her stay with the Barrows in Rockland county The case is a light one, and Marion, the doctor said last night, was in no danger.

Cortes Will Ratify Sale.

BERLIN, June 8—The Madrid correspondent of the Lokalanzeiger reports an interview with Senor Silvela, the Spanish premier, who assured him there was no doubt that the cortes would ratify the sale of the Caroline, Ladrone and Pelew islands to Germany Spain originally asked 40 000 000 pesetas for the transfer Senor Silvela referred to the commercial treaty between Germany and Spain, which the cortes will be asked to ratify as "a blessing for both countries"

CONDENSED DISPATCHES.

A wave of intense heat prevailed in Europe

Fire in Augusta, Ga, destroyed property valued at half a million

Sixteen deaths were reported in New York city because of the intense heat

Charles Jaeger, a baker in New Haven, aged 50 years, dropped dead from the heat.

Graystone the mansion formerly belonging to Samuel J Tilden, was sold at public auction.

Nineteen persons were injured in a railway wreck on the Missouri Pacific road near Atchison, Kan

Charles W. Mead of Albany was unanimously elected deputy grand master of the Masonic order of New York state

The long continued drought in Queens and Nassau counties, N. Y, caused much damage to growing crops A water famine is threatened

LIVER ILLS

The liver is one of the most important organs of the body On the proper discharge of its functions depend your health and happiness When the liver fails to do its duty poison sets in and other organs of the body become involved Don't bully your liver with powerful medicines, but coax it with

BRANDRETH'S PILLS

They act on the liver and leave that organ in a perfectly healthy state. They render the skin clear and the eye bright They cleanse the system from all impurities Constipation, biliousness and dyspepsia quickly succumb to them They regulate the whole system. They are purely vegetable and aged for two years before they are sold. Sold throughout the world, both sugar-coated and plain.

TOO MUCH FRANKING

Cubans Abuse the Privilege and Lessen Receipts.

QUESEDA FOR SPECIAL COMMISSIONER

The Appointment Gives Satisfaction to the Majority, but the Late Military Assembly Calls It an Insult. Continued Payment of Troops.

HAVANA, June 8—Major Rathbone, the director of posts, has discovered an immense abuse of the franking privilege. Every official in the island owns one There are about 300 names in all who are using the frank for personal communications and those of friends The letters of alcaldes and police captains in the various villages are sent under franks in envelopes, inclosing franked envelopes for replies The postmasters have been ordered to keep a strict record of the franked mails handled for a week and to estimate the revenue lost in this way

Many parties have been arrested in Matanzas for reusing stamps, and among them are several prominent merchants. The Spanish law provides for only a small fine in such cases unless the offense is frequently committed, and consequently there has been no let up in the practice under the new regime. Major Rathbone, however, has in hand a draft postal penal code for Cuba similar to that in force in the United States, and as soon as General Brooke has given his approval this will go into effect

Governor General Brooke has issued orders appointing Senor Gonzales de Queseda special commissioner for Cuba at Washington, with a salary of $5,000

Those who believe that the policy followed by General Gomez is a wise one—and they include a majority of the most prominent Cubans in Havana—are much pleased with this appointment, considering it a just reward of years of faithful service On the other hand, the former members of the military assembly and those who always oppose everything the government does complain bitterly, saying that the appointment is an intentional insult, on the ground, as they allege, that Senor de Queseda is a traitor to the real interests of the island, which will not be safe in his hands They assert also that he is an American in his ideas, holding views which are not suited to Cuba.

At a meeting of Havana merchants yesterday the project of Collector Bliss to improve the Havana warehouses according to plans designed by Mr Sylvester Scovel was unanimously approved Collector Bliss had expected some opposition He had thought the merchants might side with the lighter men, fearing the subsequent building of docks On the contrary, the merchants announced their intention of fighting the lighters and asked the collector to include docks in the total estimate, which will be more than $2,000 000

Lieutenant Colonel Bisbee paid 224 in surgents Tuesday at Consolacion Lieutenant Colonel Rafferty will begin paying today Lieutenant Colonel Randall will be through his work on June 15, but there will probably be additional pay days for Havana

Supervisor $8,000 Short.

LYONS, N Y, June 8—The defalcation of George W Koester, deceased as supervisor of the town of Lyons has been figured out by his successor Supervisor Thaddeus W Collins to amount to $8 141 59 in the general fund as well as about $2 000 in the poor highway and other funds the bondsmen upon which have with the exception of the general fund settled Supervisor Collins has itemized the defalcation with dates and has demanded repayment with interest from the bondsmen So much confidence had the town board in the deceased supervisor that they audited his accounts when he was short $8 000 certifying to $7 509 32 in the bank when he had only $22 there

More Russians Arrive

QUEBEC, June 8—The steamship Lake Huron from Batouni Russia with 2 300 Doukhobour immigrants on board is detained at the Grosse Isle quarantine station, there being a case of smallpox on board There were five deaths on the passage The steamer will probably be detained two or three weeks

Sewer Pipe Strike Settled.

STEUBENVILLE, O, June 8—The big strike of sewer pipe workmen of this valley has been settled at a conference, and all works have resumed operations The workmen accepted an advance of 15 cents per day

BARRELS OF SAMPLES

Over Two Hundred Thousand Trial Bottles Sent Free by Mail.

By special arrangement with the manufacturers of that justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of this paper are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and post office address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation, and all weaknesses peculiar to women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent. of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their druggists. It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result. Put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy or ropy your Kidneys or Bladder are in a bad condition. Dr. David Kennedy's, Favorite Remedy speedily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer. Dr. David Kennedy's Favorite Remedy is sold at all drug stores at $1.00 for a large bottle; six bottles for $5 00.

ON THE TIP OF THE TONGUE

Goshen commences her band concerts to-night. Many Middletowners will go down on the cars, and others will push their wheels over the hills and grumble because there is not a cycle path between the two places.

Not a few will take a carriage ride to the county seat and join the procession which goes around the band stand. Goshen enjoys her concerts and so do the people in the county surrounding it, and the fame of these concerts has extended to even greater distances.

This year the old players are saying that the band isn't up to former seasons, owing to the fact that so much new blood has been infused into the organization. The rehearsals are going along steadily, however, and good reports may be expected.

John F. Dusenberry, who has held the armory medal for sharpshooting, and John F. Gordon went to Back Pond, Tuesday, and in forty minutes had secured twenty-eight fine frog saddles with the aid of Flobert rifles. The frogs are unusually numerous on Back Pond, this season, and it is strange that the small boys who "frog" for the market have not cleaned them out long ago.

Mixed drinks were served in many of the public places in this city, Wednesday, owing to the extreme heat. In one of the best known places a joke was played on the bartender which amused all who saw it.

A man called for a sherry flip and the bartender procured an egg from the ice box and laid it on the bar while he prepared the other ingredients. A joker, whose hobby is hard boiled eggs and who is rarely without one in his pocket, slyly removed the egg and substituted a hard boiled one from his pocket. When the bartender tried to break the egg with one of his graceful flourishes his surprise may be imagined.

The small boy who isn't frogging or caddying nowadays is busy turning over stones in the brooks in quest of helgramites. The law goes off bass just a week from to-day and the wriggling helgramite is always the most popular bait. Fishermen are willing to pay a penny and a half each for them, and the boys know that at no time is there such a call made for them as on the opening day.

Despite the fact that so many fish are dying in the city lakes there will be a hundred or more fishermen around the lakes Thursday. Most of them will fish from the shore, but there will be more boats on the lakes than ever before. Not a few of the fishermen have been making their own boats in order to have them constructed satisfactorily in every detail They can fish in heretofore unexplored places and are predicting catching larger bass than ever before.

William Seeholzer ran across an Argus of June 2, 1886, a day or two ago, which contained a notice of the fact that the Wickham avenue depot would hereafter be known as the "Middletown depot," and a puff for the restaurant in the depot. W. H. Somers, who "has restaurants at Weehawken, Kingston and Syracuse," is named as proprietor of the restaurant, and in his absence "William Seeholzer, a very pleasant gentleman, who has had considerable experience in this business," will be in charge. Then follows an elaborate description of the establishment. The restaurant of to-day would make the one described feel as flat as a flounder, and it is managed to perfection and is popular with travelers.

The same copy of the Argus contains mention of the fact that "the law went off bass, yesterday, and while many fishermen hied themselves to the Wallkill their success was very indifferent."

Also that "Mr. and Mrs. James G. Martin are pleasantly located at No. 2 Rehoboth Place, Dublin, where they will make their home for the future."

Base ball fiends may recall that the Maroons, of this city, visited Walden on that same June 2, 1886 and were easily defeated in games in the morning and afternoon. The report says that the Maroons made four runs in the first game and that the visitors stopped counting theirs after a time. In the afternoon the Middletowners were defeated again by the score of 15-11. The Middletown players were: "Jack" Degnan, third base, who played a good game even if he did make four errors, Tommy Towne played at short stop and tied "Jack" on errors, but made three runs. Cohalan played at second base, "Jack" Pohlman at first, Claffy, catcher and centre field, Allison, right field, McGrevey centre field and catcher, and Casey pitched.

ALASKAN BOUNDARY

Negotiations In London Promise Good Results.

WHY THE JOINT COMMISSION FAILED

Proceedings of the Washington Conference Made Public—Americans Hold Canada Responsible For Disruption of the Tribunal.

WASHINGTON, June 8.—Late yesterday the officials learned the details of the latest negotiations in London, relating to the Alaska question, and Secretary Hay and the British charge d'affaires, Mr. Tower, conferred on the subject. The details of the proposition were not made public.

It is said, however, that too much assurance should not be taken that a complet ncord is certain. The officials agree with the London view that the outlook is rather brighter because negotiations are on again, but they qualify this by saying that the agreement is not yet concluded and that when concluded it will still leave much to be settled by future negotiations.

In view of the fact that the protocol recording the proceedings of the joint high commission in Washington on Feb. 18 last has been made public in the Canadian legislature, while an abstract of its contents has been also published in London as well as in this country, the state department has deemed it proper to give out for publication the entire protocol.

This particular protocol is regarded by the department as of great importance, for it marked the failure of the commission under peculiar conditions. The record shows that the joint commission met at 10 o'clock that morning, that the British side proposed arbitration and that the Americans accepted the proposition in general, using it as a basis for a treaty, as offered by the British. However, it is shown that when the Americans offered an amendment the British side promptly refused to accept it and without affording further opportunity for the erection of an arbitration treaty stopped the negotiations and referred the matter to their own government, notwithstanding the urging of the American side that the commission at least conclude their negotiations upon the remaining subjects.

These facts were the basis of the American contention that the Canadians had not afforded a real opportunity for arbitration and were responsible for the disruption of the joint commission. The points of the British arbitration proposal and also of the proposition put forward by the Americans as an amendment have already been indicated in the cable dispatches, and the following points are given as those upon which importance is laid by the American side In putting forward their proposal the British side said, "They therefore made the following as a basis to be proceeded upon in framing a treaty." The attitude of the Americans upon this is set down as follows: "The commissioners of the United States announced that they accepted the proposals made as the basis of adjustment, but desired an amendment in relation to the arbitral tribunal and a modification of rule C to make it conform to the present local conditions in Alaska." The British objections to the American counter proposal have also been published, and the record on that point reads, "Holding these views, the British commissioners are of the opinion that no useful end would be served by further pressing at the present time the negotiations and must refer the matter to their government."

A Bright Outlook.

LONDON, June 8.—A high authority of the colonial office says that the negotiations with reference to the Alaskan question are in the rosiest possible condition. After the interview between United States Embassador Choate and Lord Salisbury at the foreign office the lines of a prospective settlement and for carrying on the discussion in the high commission were formally submitted by the secretary of state for the colonies, Mr. Joseph Chamberlain, who throughout has had most potent influence with the Canadian side. Every arrangement in the negotiations here between Mr. Choate, Lord Salisbury and Sir Julian Pauncefote has gone through him, and the prospective settlement in a great degree may be considered a triumph for Mr. Chamberlain's tact and perseverance.

A Miser Murdered.

CHICAGO, June 8.—Martin Mier, a wealthy and eccentric Swiss, was found dead yesterday in a house on Fifty-seventh street, which he occupied alone. The condition in which he was found points to murder, with robbery as the motive. Mier's hands were tied behind his back with a rope, his feet were bound with a leather strap, and around his neck was twisted a towel. Another towel was bound around the old man's eyes. Nearly every article in the house had been overturned by supposed robbers. Mier was a marble polisher and was reputed to have accumulated a fortune of nearly $100,000. For years he had lived alone in the little house and had the reputation of being a miser.

A Cloudburst In Indiana.

PERU, Ind., June 8.—A terrific cloudburst and thunderstorm last night did great damage, leveling several houses and demolishing 30 derricks in the oil-field, together with barns, trees and fences innumerable. The extent of the damage is not fully known. Thus far no loss of life has been reported.

Captured and Shot.

BIRMINGHAM, Ala., June 8.—Will Hill, alleged accomplice of his brother, Alex Hill, in the murder of Mr. and Mrs. Rufus Hubbard, was captured and shot to death by a posse near the Hubbard home. Alex Hill has not been captured.

BEEF AT MANILA.

Kept In Cold Storage For Eight Months and In Good Condition.

WASHINGTON, June 8.—The war department has received through the courtesy of the New York Central Cable office an article published in the Manila Freedom regarding the preservation of beef. It follows:

"Major William H. Anderson, chief commissary, states that the army storage ship Duke of Sutherland has just finished its delivery of fresh beef to the commissary. This vessel reached Manila under command of Captain Colter Sept. 16, 1898. Its cargo of frozen beef had been taken on board in Australia a month previous, so that the beef issued to the soldiers yesterday morning has been in cold storage for over eight months. The United States army has certainly created a record in the transportation of frozen meat, for handling beef in cold storage such a length of time in such quantities has never before been successfully carried out.

"Soldiers were never furnished a finer quality of beef than that which was issued yesterday, which was as fresh and wholesome as it was the day it was prepared in Australia.

"Freedom representatives have often shared the soldiers' dinner in the trenches or in camp, and the beef issued was always excellent in quality and flavor. On some occasions the steaks eaten from the end of a bayonet were equal to anything that money could buy in the luxurious grillrooms of the most fastidious clubs."

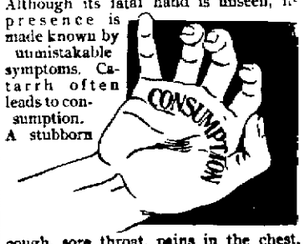
Drowned While Bathing.

LITTLE FALLS, N. Y., June 8.—Professor Jesse Mott was drowned while bathing at Middleville yesterday afternoon. He was principal of the Middleville academy and went bathing after school with a number of his pupils. The place selected was the dam in the creek at Middleville. The professor was stricken with cramps and sank before assistance could be had. His body was recovered about 6 o'clock. He was 30 years of age and unmarried.

Commander Ackley Ill.

WASHINGTON, June 8.—A cablegram from Manila to the navy department states that Commander Seth Ackley, who was only recently sent out to take command of the United States steamer Concord, has fallen ill and been sent to the naval hospital at Yokohama.

Many men and women are almost within the deadly grasp of consumption Although its fatal hand is unseen, its presence is made known by unmistakable symptoms. Catarrh often leads to consumption. A stubborn



cough, sore throat, pains in the chest, bronchitis, bleeding at the lungs, loss of flesh and general weakness are warnings that this relentless disease is about to gather in a victim.

A remedy for all the diseases which, if neglected or badly treated, lead up to consumption, is found in

Dr. Pierce's Golden Medical Discovery.

It builds up the weak places and fortifies the system against the onslaughts of disease. It helps the appetite, assists digestion, is an aid to the proper assimilation of food, and cleanses the blood of all its impurities. It is a strictly temperance medicine, containing not an atom of whisky or alcohol in any form.

"Your medicine is the best I have ever taken," writes Mrs. Jennie Dingman, of Vanburen, Kalkaska Co., Mich. "Last spring I had a bad cough, got so bad I had to be in bed all the time My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me We thought we would try Dr Pierce's Golden Medical Discovery and before I had taken one bottle the cough stopped and I have since had no signs of its returning."

For the most obstinate forms of constipation and biliousness, use Dr. Pierce's Pleasant Pellets. Their action is prompt yet comfortable; their effect is permanent. Insist that the druggist does not give you something else.

"Life Renewer" for Ladies.

Olivia Peterson, of Coldwater, Mich. writes: "I had not been able to sit up half day at a time for thirteen years until I used the Mystic Life Renewer It has cured me of nervous troubles, headache and a very bad stomach. It has helped me in so many ways, and cured me of afflictions that the doctors said could not be cured. The blessed Life Renewer has done more for me than all the patent medicines, doctors and christian science treatments combined. It is the most wonderful medicine I ever saw."

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

Hay Crop Threatened With Failure—Summer Boarders—A Painful Accident—Where Snow May Be Found—A New York Produce Man.

Correspondence of ARGUS and MERCURY.

—If we should not have a wetting rain pretty soon the coming hay crop will be painfully short. There is considerable old hay left over, however, that will tide over one year's shortage.

—The summer boarders are coming up here faster and more of them than usual. The intense heat of the beginning of the week was too much for them. It looks now as if the present boarding season would be a profitable one.

—Alexander Lindsay, a Colchester-on-the-Beaverkill farmer, met with a painful accident while in a hurry to take the train. He was walking down hill at a 2:15 gait when he stubbed his toe and fell headlong to the ground, dislocating his right shoulder.

—There is a ledge of rocks in the town of Colchester near the head waters of Russell brook, where the snow piles fifty feet deep, some winters, and some seasons it lasts to the middle of June. It may be all gone now since we have had some warm weather, but those who know its lasting qualities best, would not like to wager too much on it.

—John J. Maybee, a former resident and postmaster at Roscoe, has associated himself with Jellieffe Wright & Co., produce dealers at 284 Washington street, New York. Mr. Maybee is well known in Sullivan and Delaware counties and will no doubt attract a great deal of trade from this section. RUSTICUS.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by a inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
